### **Vasil Kanchov - Mine and yours, our school**

"Vasil Kanchov" - Vratsa, is an educational institution approved authority, successful strategy and a clear vision for the future. The school was opened in 1937.

Today it has a history, established traditions and ambitions to be a business school of the North-West of Bulgaria. Its status-a Secondary school which provides a unique opportunity for children to be educated in one place from 1st to 12th grade – provides continuity between the elementary, junior high and high school education.

There currently teach more than 530 students in 22 classes. Training place is in two school buildings, in a comfortable and attractive environment. School has three computer labs, permanent Internet connection, library, a spacious gymnasium, tennis and fitness room, modern furnished prep rooms, food and block school bus, cabinets, IT system.

Educational process is realized by promising curriculum development, implementation and use of modern approaches, methods and teaching resources, providing opportunities for inclusion in various forms of activities of interest, extracurricular activities. The high quality of training is measured by the successful implementation of students after learning stage, with prizes in competitions and Olympiads.

There is a full day organizing learning process in Primary and Secondary school. We keep tradition of young people from school not only to be educated, but also to be active citizens, responsible and ambitious, proactive and enterprising, to raise their attitude towards the state institutions and the principles of democratic citizenship, the ethical and legal norms.

The school employs a highly qualified team with extensive pedagogical experience and ambition for expression. Has established an exclusive atmosphere kindness and tolerance,

professionalism For the 2012/2013 academic year, "Vasil Kunchov" Secondary school offers admission:
